

THE GREAT AWAKENING CONFERENCE

Lemuria is Rising with Marijke van de Water

The Lemurian civilization has fascinated many for years, but perhaps their true purpose and existence has never really been fully understood. The civilization flourished some 100,000 years ago, even before Atlantis, first in their crystal cities in the water and then on land as they were the first continent, later known as “Mu”, to emerge. The Lemurians were initially plasma light bodies, then their pure spirit-energy evolved to incarnate into physical human form. Much was lost when their entire continent sank after a major war with the Atlanteans and manipulations by the Dracos. But many of the Lemurians dispersed into different areas around the planet and hid their knowledge, advanced wisdom, and spiritual teachings in codes. Until now! Their civilization is surfacing once again, and the codes are no longer hidden.

Marijke will discuss the importance and significance of why they are rising up, why they need our help, where to find them, their healing techniques, and connecting with the Earth, and the whales and dolphins to hear the codes. Her presentation will conclude with a powerful group meditation where the Lemurians will assist us by sharing their highly refined vibrations of Gold Light as we transition into a higher crystalline frequency.

About Marijke

Marijke is a gifted and highly respected healer and visionary with over thirty years of experience in private practice for both people and for all animals. She is a Homeopathic Practitioner, Health and Nutrition Specialist, Medical Intuitive, Energy Healer, and the Founder and CEO of Riva's Remedies. Healing is Marijke's calling and she has the distinct ability to see and feel beyond the physical and into other realms. She has taught hundreds of workshops and seminars and loves to facilitate intuitive and energy healing retreats in unique and sacred locations. Her life-time mission has always been to help make the world healthier, happier, and more harmonious.
